Login Experience
Business Online Banking

First-time Login to Business Banking:

1. Receive two emails with login credentials.

2. Log in with system—generated username and password.

3. Validate identity via a one-time passcode sent to a phone.

4. Change username and password

5. Enjoy the benefits and ease of Business Banking!

STEP 1: Receive emails with login credentials

The subject for both emails is "You have been granted access to Online Banking". Two separate emails will be received from MemberService@columbiacu.org with your username and password. If you did not receive one or both of the emails, please contact us at 800-699-4009, or Sub-users contact your Company Administrator.

Step 2: Go to login screen

The login screen for Business Banking is the same login screen for Online Banking.

Note: Sub-users will use these same steps to complete their first login.

1. Click the link in the email to the Columbia Credit Union website.
2. Copy the username from the email and paste into the Username field.
3. Copy the password from the other email and paste into the Password field.
4, You will then be prompted to accept our Electronic Services Agreement, please review and 'Accept' or 'Decline'. Please note: Declining will mean you cannot have online access

Step 3: Multifactor Authentication (MFA)

Authentication during the initial login is required, as well as future logins when the computer isn't recognized. *Note: the very first login will only allow the verification code to be received to the phone number on file, additional verification methods can be enabled by going into 'My Settings' once you are logged in.*

1. Click Call Me
   - Answer the phone call and press # to receive the 6-digit access code

2. Enter the code; expires after 10 minutes and consists of 6 random digits

3. Register the Computer:
   - "Yes, register my private computer":
     If it is a personal computer, select this option to bypass the MFA screen for future logins.
   - "No, this is a public computer":
     If this is a public computer, select this option, which will present this MFA screen at the next login from this computer.
   - Clicking either button advances to the next screen.

Tips:
When on the phone call, press # to repeat the code if needed.
Select "Didn't get the code?" link to initiate the phone call again.

Step 4: Forced Credentials Change

It is required to change the temporary username and password upon initial login.

1. Create a username, per the requirements shown on screen', then click 'Save'.

Success! You need to change your Username.

Create a new Username that will be used for all future logins.

⚠ **Create your Username**

New Username

⚠ Username cannot be blank.
▶ Minimum of six characters
▶ Cannot be all numbers

①

Save

2. Copy the password again from the email into the Temporary Password field.

3. Create a new password (min 6 characters, use a mix of letters, numbers or symbols).

4. Click Update Password

Success! You need to change your password.

▶ Passwords must match

Update password ④

Login Issues/Troubleshooting

Issue: The two emails for first login with the username and password were not received.

Resolution:

1. Check the Junk email folder.

2. If the emails are not there: contact Columbia Credit Union at 800-699-4009 or Sub-users contact your Company Administrator to verify your e-mail on file is correct.

3. For sub-users: Company Administrator to look up the sub-user's profile in Business Banking > Manage Users and make an updates if needed.

Issue: Forgotten password

Resolution:

1. Select 'Forgot username or password' within the login box

2. Enter the phone number we have on file

3. Enter the username

4. Choose 'Send me a new password'

5. You will receive a phone call or text (depending on what you have enabled) with your new temporary password

6. Follow on the on screen prompts to reset your password

Tip:
Replacement passwords can only be retrieved via phone (not email).

Login Issues/Troubleshooting

Issue: The one-time passcode isn't coming to the phone via call or text.

Resolution:

1. Contact Columbia Credit Union to verify the contact information is correct.

2. Attempt to reinitiate the phone call or text.

3. For sub-users, Administrator to look up the user's profile in Business Banking > Additional Services > Manage Users and make an update if needed (Columbia Credit Union cannot make these updates)

Is this really you?

Looks like you're logging in from a new computer. To verify your identity and protect your account, we're going to send you a verification code to type in.

📞 **Within a minute, you'll receive a verification code at ***-***-6931**

[Enter the code here.]   Didn't get the code?

Common Problems

I don't have access to verification option(s) listed on this page

Why must I complete this step again? I opted to remember my device last time

💻 **Save time by registering your computer.**

If this is your personal computer, register it now. We won't need to contact you the next time you log in.

[Yes, register my **private** computer]   [No, this is a **public** computer]

Note:
Only select Yes, register my private computer if others will not have access to your computer. If No is selected, you will be prompted to enter a verification code each time you log in to Business Online Banking.

Ongoing logins

For future logins, if the computer is not recognized, validating identity will be required. (Some options below may not be available at first log in.)

- **Text Me** button
- **A second phone number** (not shown here)
- **Email Me** button
- **Enter verification code** button for token use

Is this really you?

Use a security device

✓   VIP Access   [Enter verification code]

Common Problems

I don't have access to verification option(s) listed on this page

Why must I complete this step again? I opted to remember my device last time

Message and data rates may apply for text option. For help or information send "help" to 44833. To cancel at anytime send "stop" to 44833. By clicking Text me button you agree to the Terms and Conditions and Privacy Policy.

Tip:
See the next section: 'My Settings' for enabling additional verification methods.

Basic Overview
Business Online Banking

Main navigation: My Accounts, Move Money, and Additional Services. Admins have full access to all accounts and services based on the business. Business Admins manage other business sub-users; business sub-users' access is based on permissions.

My Accounts: filtered list of Deposit and Loan accounts based on Tax ID selected. View available balance; selecting 'Quick peek' will show the last 5 days of transaction history; click an account name to view details. The Details screen provides transaction history.

My Approvals: Approval are used when there is more than one administrator and/or a sub-user has approval entitlements or initiates a payment outside of their threshold limit. See page 21/22 for more on sub-user entitlements.
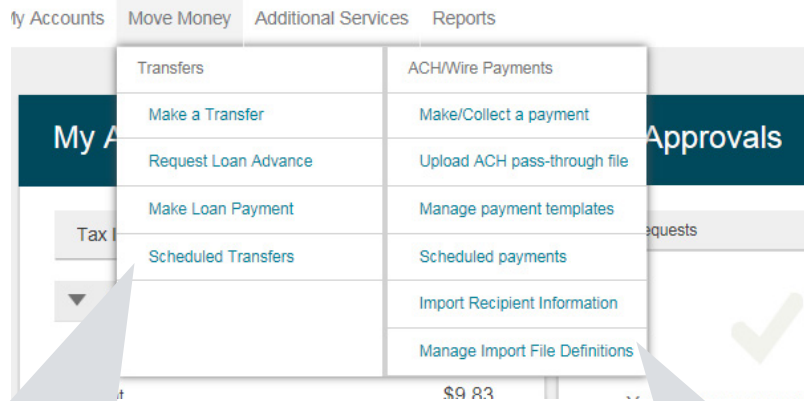

*Move Money > Transfers:

Make a Transfer – internal, aka intra-institution transfer.

Request Loan Advance – an internal transfer to make a draw from a loan account

Make Loan Payment – internal transfer to pay a loan

Scheduled Transfers – manage future and recurring internal transfers

*Move Money > ACH/Wire Payments:

Make/Collect a Payment – send an ad hoc or template-based ACH or Wire; collect funds via ACH ad hoc or template-based

Upload an ACH Pass-Through File – take a NACHA file, upload it into Business Banking

Manage Payment Templates – create and manage templates for ACH and Wire payments

Scheduled Payments – manage future and recurring ACH and Wire payments

Import Recipients – import ACH participants into Business Banking for initiation

Manage Import File Definitions – create an import map before going to Import Recipients

*Access to options within these menus depends on what is enabled for the business.

My Settings – edit password, User ID, email, phone number, account nicknames, etc.

Help: answers common questions.

Support: look up Columbia Credit Union's Support number and hours.

Logout: properly end the Business Banking session; users are automatically logged out after 20 minutes of inactivity.

My Settings | Help | Support | Logout

Login & Security

If the computer is not recognized, a one-time passcode will be required during login for MFA verification. These settings control how that code can be obtained.

1. On the Personal information screen, a phone can be enabled to receive the code via **text**.

2. To update other security options, click 'Edit' next to 'Security options' in the 'Login & Security' section

3. Update the **phone** or add another one (2 numbers is the limit).

4. **Security Tokens**: A software token must be downloaded and the credential ID needs to be entered here.

5. Email is not enabled by default, toggle on if desired.
   • Used for login only; i.e. not an option for approving users or transactions.

6. Enter current password to save changes

Rename & Hide your accounts

Only the Admin sees the "Rename & Hide your accounts" option. It allows the option to give nicknames to accounts, making it easier to decipher between accounts throughout Business Banking. Select the Tax ID to see all linked accounts.

Other settings

Rename & Hide your accounts   Alerts & Notifications

Rename & Hide your accounts

Here you can rename your accounts and hide your accounts to exclude them from everywhere. Do not include Account Numbers, Social Security Numbers or other confidential information in your new account name. Changes you make are saved automatically.

Note: Please do not hide accounts that have scheduled transfers. Scheduled transfers to and/or from hidden accounts may not process.

Tax ID   Test LLC ▼

Add a Business User
Business Online Banking

Admins are set up by Columbia Credit Union; these Admins set up other employees as Business Banking sub-users via "Manage Users".

Add a User

1. Go to Additional Services menu > Manage Users.

2. Click Add a user.

3. Enter user info at the top.
   - Email address is used to send login instructions to the sub-user.
     - The user gets 2 emails with username and password
   - Phone number is used for multi-factor authentication.
     - Phone extensions don't work with MFA

Users with Account Access   ②   + Add a user

ACH File Pass-Through	Create ACH File Pass-Through	Upload a NACHA-formatted ACH file for pass through
	Approve ACH File Pass-Through	Approve a NACHA-formatted ACH file for pass through
Domestic Wire Templates	Manage Domestic Wire Templates	Create and edit templates for domestic wires
	Approve Domestic Wire Templates	Approve new and edited domestic wire templates
International Wire Templates	Manage International Wire Templates	Create and edit templates for international wires
	Approve International Wire Templates	Approve new and edited international wire templates
Domestic Wire Transfer Payments	Create Ad Hoc Domestic Wire Transfer Payments	Create a one-time domestic wire
	Create Domestic Wire Transfers Using Templates	Create a domestic wire using a template
	Approve Domestic Wire Transfer Payments	Approve ad hoc or template-based domestic wires
International Wire Transfer Payments	Create Ad Hoc International Wire Transfer Payments	Create a one-time international wire
	Create International Wire Transfers Using Templates	Create an international wire using a template
	Approve International Wire Transfer Payments	Approve ad hoc or template-based international wires

Set access for all accounts

Give the sub-user access to certain functionality for all accounts, i.e. some permissions are not assigned on a per account basis.

1. ACH File Import:
   - Manage Import File Definitions – allows the user to create the map that defines the data in the imported file
   - Import Recipient Information – allows the user to import the delimited or NACHA file

   Note: When Online Statements are enabled, all Administrators and sub-users can view statements for all accounts under the Business Online Banking profile.

2. Additional services display here (for example, Bill Pay and Online Statements).

   - For Online Statements, at least one account must have "View Transaction Details/History" selected.

   - Payments Reports - Grants access to build and run reports based on ACH & Wire payment data.

   - Remote Deposit - allows the user to user a desktop scanner to deposit checks when the service is enabled for the business.

Set access for all accounts

ACH File Import - Import Recipient Information	☑
ACH File Import - Manage Import File Definitions ①	☑
Bill Pay	☑
Check Reorder	☑
Online Statements	☑
Payments Reports	☑
Remote Deposit	☑

②

Set transaction and approval limits for all accounts

For each permission granted above, limits must be established. Check "Apply Company Limits" to grant the maximum limits or enter a lower amount.

See table below for options when each limit type is expanded.

Set transaction limits for all accounts ⑦

	Apply Company Limits	
▶ ACH Payments Creation Limits	Apply Company Limits	☐
▶ ACH Collections Creation Limits	Apply Company Limits	☐
▶ ACH File Pass-Through Creation Limits	Apply Company Limits	☐
▶ Domestic Wire Transfer Payments Creation Limits	Apply Company Limits	☐
▶ International Wire Transfer Payments Creation Limits	Apply Company Limits	☐
▶ Transaction Approval Limits	Apply Company Limits	☐

Feature	Types of Limits
ACH Payments	Per Transaction, Per Day, Per Month
ACH Collections	Per Transaction, Per Day, Per Month
ACH File Pass-Through	Per File, Per Day, Per Month
Domestic Wire Creation	Per Transaction, Per Day, Per Month
International Wire Creation	Per Transaction, Per Day, Per Month
Transaction Approval Limits	ACH Payments Approval Per Transaction, ACH Collections Approval Per Transaction, ACH File Pass-Through Approval Per File, Domestic Wire Approval Per Transaction, International Wire Approval Per Transaction

Apply Company Limits ☐

maximum $100,000.00

maximum $100,000.00

maximum $500,000.00

⚠ Currently entitled capabilities require valid limits be set

Tips:
Required limits are boxed in red.
Limit cannot exceed the company limit.

Set approval thresholds for all accounts

Determines thresholds for when payments initiated by this sub-user will require approval. Approval is required for any transaction that exceeds the threshold limit. The business admin can set the threshold limit to be the maximum amount displayed, or enter a value below that.

Set approval thresholds for all accounts ⑦		
▼ Transaction Approval Thresholds	Apply Company Thresholds	☐
ACH Payments Approval Threshold per Transaction	*Maximum $25,000.00*	
ACH Collections Approval Threshold per Transaction	*Maximum $10,000.00*	
Domestic Wire Payments Approval Threshold per Transaction	*Maximum $25,000.00*	
International Wire Payments Approval Threshold per Transaction	*Maximum $25,000.00*	

Set ACH transaction types for all accounts

If you have enabled the user the ability to Create or Approve ACH Payment and/or Collections, the Business Admin will need to set access for which transaction type the user can select form when creating a template or ACH transaction.

Set ACH transaction types for all accounts ?

▼ ACH Payments Type	Select All ☐
Consumer (PPD)	☐
Payroll (PPD)	☐
Commercial (CCD)	☐
Tax (CCD)	☐
▼ ACH Collections Type	Select All ☐
Consumer (PPD)	☐
Commercial (CCD)	☐

Last, the Business Admin clicks Save (not shown).

Manage Users

Business Admins and sub-users show on the Manage Users screen, in alphabetical order.

User status descriptions:

• **Active** – user is able to access Business Banking

• ***Setup Pending Approval** – an Admin added a new user; must be approved by another Admin before receiving login credentials via email

• ***Update Pending Approval** – an Admin edited a user's profile; must be approved by another Admin before the user can log in again

• **On Hold** – Access toggle is set to No; user cannot access Business Banking.

• ***Declined** – an Admin declined this user in the approval workflow

* n/a for single admin companies

Users with Account Access
+ Add a user

Name ▼	Role	Status	Grant Access	Options
BOB_Secondary	Secondary Admin	Active	YES	Options ▼
Jane_Doe	Business User	Active	YES	Options ▼
John_Doe	Business User	On Hold	NO	Options ▼

Manage Users

Business Admins manage sub-users and assist users with login issues on this screen by selecting 'Options' to the right of the user. Primary admins can also manage secondary admins. It is important to note, if the secondary admin is restricted and there are no other secondary admins, error messages will be received for approval flows.

Options for an Active User:

• **Print user details** – printout of the sub-user's access and limits

• E**dit user** – Edit the sub-users Name, Phone Number, Email, or access settings.

• **Copy from user** – select to copy this sub-user's permissions for a new sub-user

• **Reset password** – sends a temporary password to the sub-user's phone via call or text

• **Generate access code** – delivers a one-time access code on the screen that the Admin gives the sub-user if needed during login (not for payment approvals)

• **Delete user** – permanently deletes the sub-user from Business Banking

• Slide **Access** toggle to No to change status to On Hold (temporary hold)

Options for a Locked User – same options as above except:

• No Reset password and Generate access code options

• **Reset password and Unlock user** – unlocks the sub-user and sends a new temporary password to the sub-user's phone via call or text

• **Unlock user** – unlocks sub-user so they can login with original password

Internal Transfers
Business Online Banking

Business Banking enables members to easily initiate and schedule various types of transfers to and from their Columbia Credit Union accounts.

• One-time immediate transfers

• One-time future-dated transfers

• Recurring transfers

• Loan payments and advances

Internal transfer functionality is one of the two main sections under Move Money. The four options under Transfers:
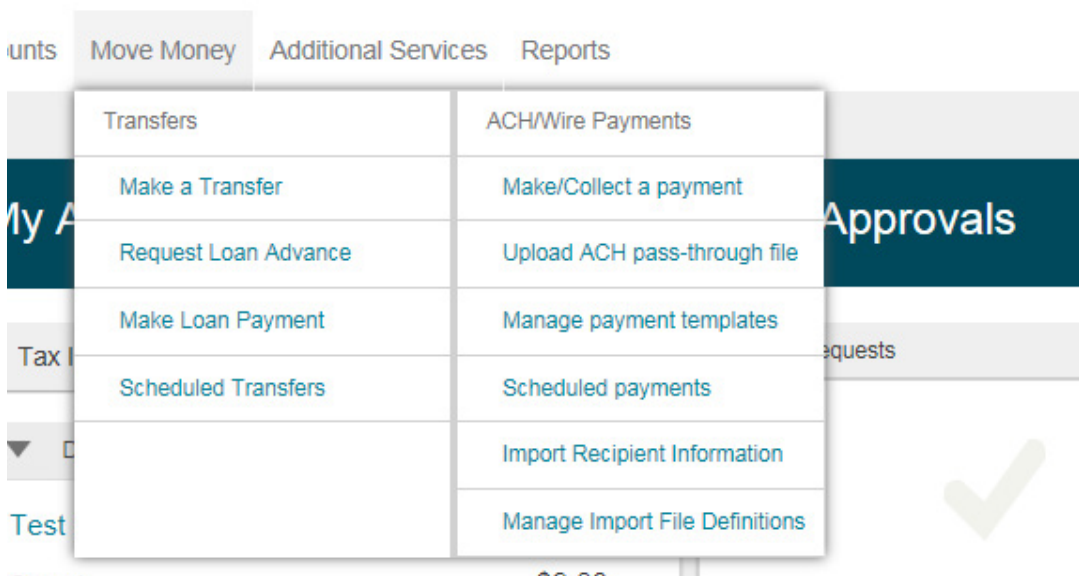

Cross-TIN transfers

Business Online Banking allows for the ability for multiple businesses to be under one login and includes the ability to transfer from one business account to another businesses account (when set up under the same login).

Request a Loan Advance and Make a Loan Payment:

• Both open the same pop-up window as the Make a Transfer option.

• These options show to the Admin user even if the business doesn't have a loan account.

• These options are suppressed for sub-users who do not have loan account permission.

Make a Transfer:

• The first three options in the Transfers menu open the same pop-up window.

• Sub-users will only see these options if they have permission to perform internal transfers, these transfer types do not require admin approval..

1. Select the **From Tax ID and Account.**
   • The Tax ID fields display only when the business has more than one TIN.

2. Select the **To Tax ID and Account.**

3. Leave default date as the current day or change to a day in the future up to one year.
   • Current day transfers cannot be edited once confirmed.

4. Make it a **recurring** payment if desired.

5. Enter an **amount**.

Scheduled Transfers:

Visit the Scheduled Transfers page to view and cancel future-dated transfers and recurring transfers.

1. Click Scheduled Transfers in the Move Money menu.

2. Select the desired Tax ID.

3. View the transfers and click Delete, if desired.

Tips:
To edit a scheduled transfer, Delete the existing transfer and re-set up the transfer with the desired specifications.

Business Bill Pay

From within Business Banking, access Bill Pay via the 'Additional Services' main navigation button:
From the main page you can manage payees and payments:

Add a payee:

Two Views:

Current Payees

Activity: Scheduled and recently processed payments. Each transaction can be selected to view details or to edit/cancel payments.

History: Lists payments that are being processed or have been completed, failed, or cancelled within the last 24 months.

More: Where you can manage bill pay alerts, categories and funding accounts.

From within the payee tile you can schedule a payment, access payee options, set payment reminders, view eBills, and much more. Payee options are based on the type of payee and if the payment is being send electronically or by check. This example is with the Multi Pay view:

How to tell if a payment is sent electronically or by check:

Select the payee tile, under the 'Deliver By' date, the way it is sent will then display.
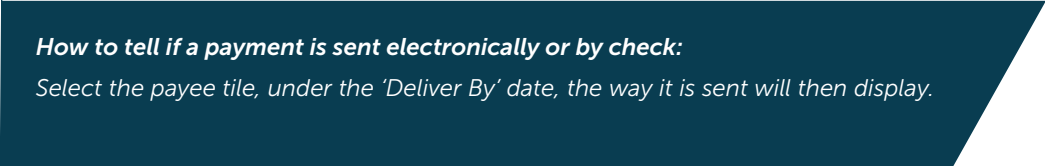

Single Pay view has the same abilities as the Multi Pay view but allows you the ability to work with one payee at a time:

Pay someone new:

Enter any person or business name (who has a US address).

The fields that display after 'Add' is selected depends on the payee.

Popular billers in the area

Addresses are validated with the US Postal Service.

Manage a Payee, from the payee tile select the dropdown to access payee options:

Security Token

Steps to download Symantec VIP Security Token on a Mobile Device for Business Online Banking. This is required for all members utilizing our ACH and Wire services or is optional for those who are not. While the token is also available via desktop, it is recommended to use the mobile version.

Begin by going to your app store on your mobile device and searching 'symantec', install the app:
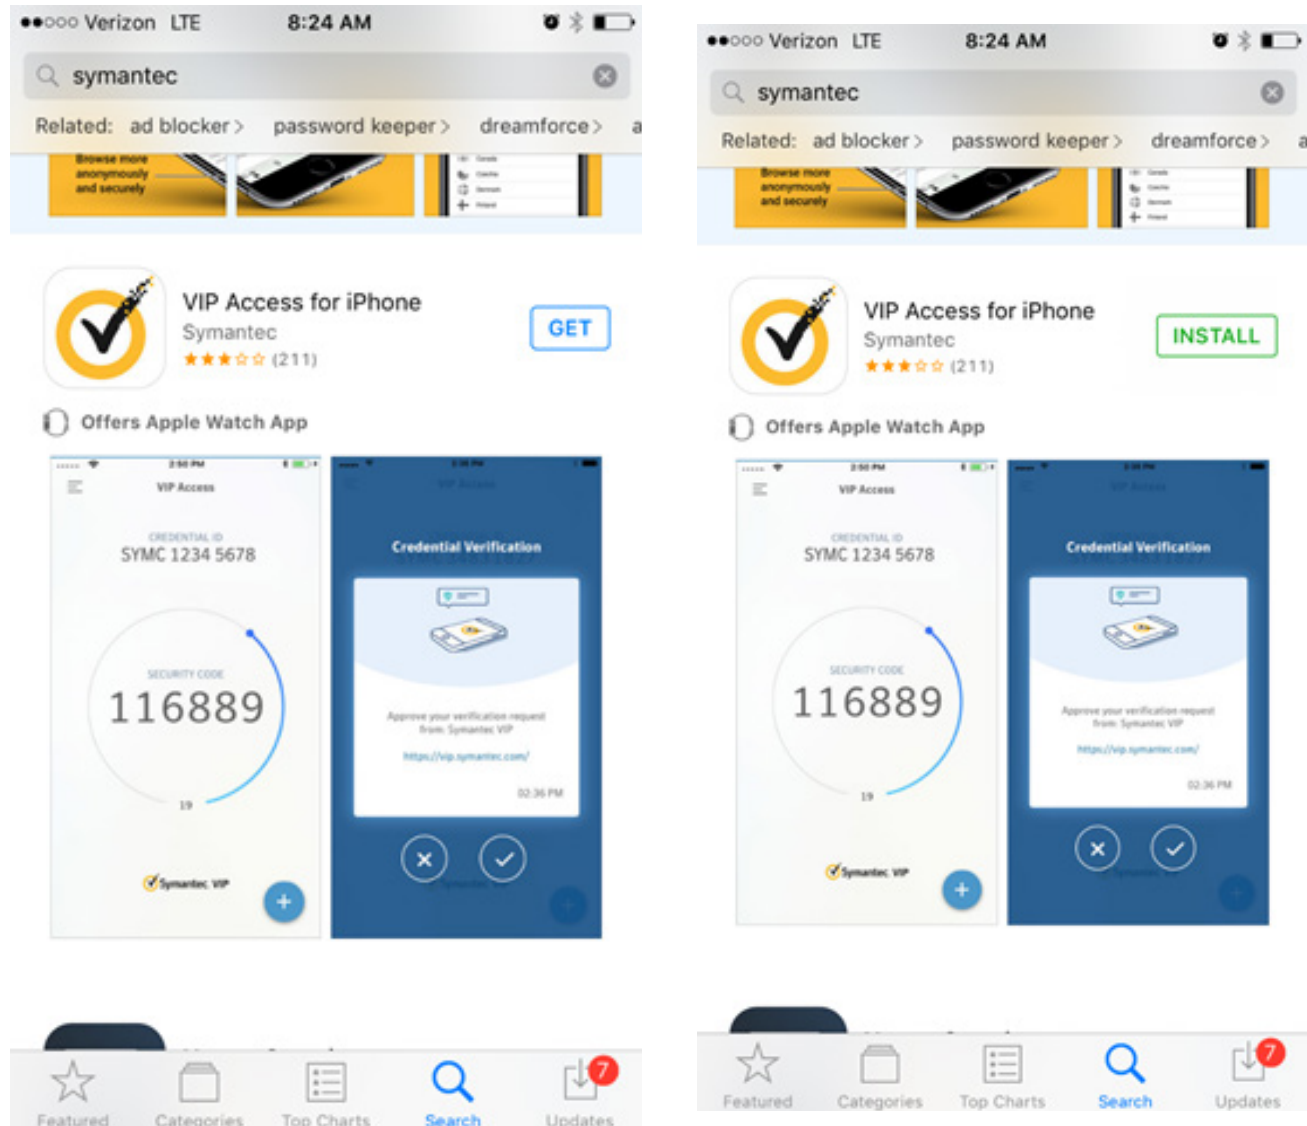

Open the app and select 'LAUNCH VIP ACCESS', then you will use the
'CREDENTIAL ID' in the next step:
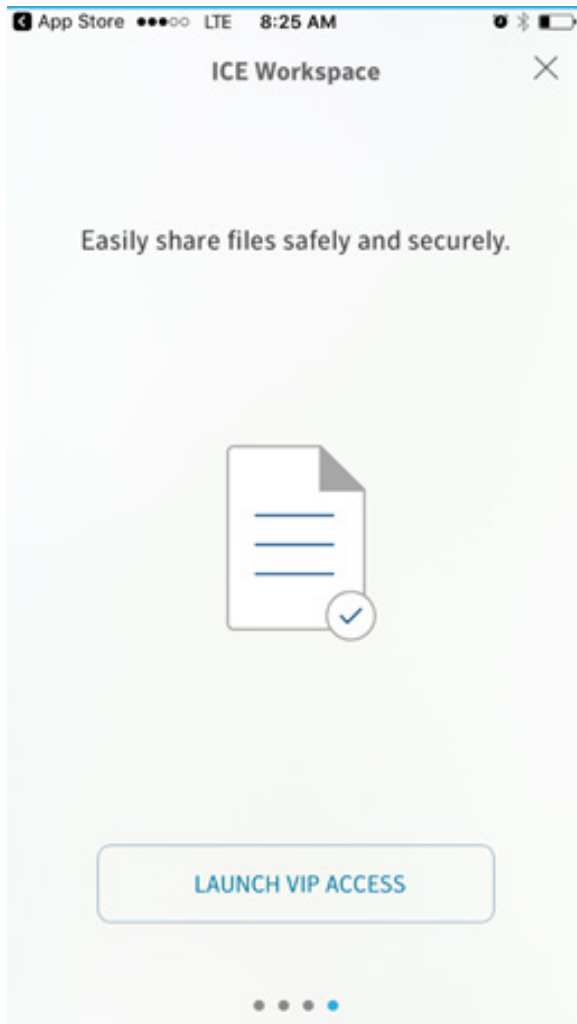

Using the 'CREDENTIAL ID' from the previous step, navigate to 'My Setting's' (in the CCU desktop or mobile app) and select 'Edit' under 'Security options' then place the credential ID under 'By security token':

ACH Initiation
Business Online Banking

Businesses initiate ACH payments and collections via the Make/Collect a Payment screen. ACH and wires are comingled here.

Make payments, collect payments, or upload a pass through file

View Scheduled, Processed, and Declined payments.

Monthly limits show here (user limits not business limits). Click "More details" to view daily and transaction limits.

"How much can I send?"

- If the payment exceeds limits, an error message displays and blocks the payment.
- If the payment exceeds available balance, the payment is allowed yet flagged with a warning when it is sent to Columbia Credit Union for processing.

"When can I send it?"

- Date defaults to the next business day before cutoff time, or 2 business days after cutoff (Same day at 10am, Standard at 3pm PT).
   - Same Day ACH: date can be current business day if prior to cutoff time.
- Date can be up to one year in the future.
- Weekends and Federal Reserve non-processing days are grayed out in the calendar.

Make a template-based payment

1. Select **Make payments** radio button.

2. Select **Use a Template.**

3. Click in the **Enter a template name** field to select a template (start typing to filter list) or add a new template.

4. Upon selecting a template, screen refreshes with template info.
   • Amount and addenda are the only **editable** fields.

5. The **Deliver On** date defaults to next business day.

6. Click "Never" to expand the options to make the payment **repeating.**

Same Day ACH Payment

This feature is applicable when "Make Payments" is selected, and when a file is imported via File Import.

Payments

What do you want to do?

- ⦿ Make payments
- ○ Collect payments
- ○ Upload pass through file

Deliver On   04/22/2019   📅 | Repeats   Never

☐   Want it to get there faster? Make a Same Day ACH payment. ($0.00 fee applies)

If the business user selects the box, the Deliver On field automatically adjusts to the current day and is not editable.

Note:
Same Day ACH Payments are not available for transaction amounts over $100,000.

ACH Templates
Business Online Banking

ACH templates help reduce errors and provide efficiency. Create the template first, and then initiate transactions quickly with no need to enter (and possibly enter incorrectly) details such as account number and routing number.

Template Basics

- Under Move Money, go to "Manage Payment Templates"

- Unlimited templates allowed

- Templates are not required

- Common uses of ACH Templates:
  - Payroll
  - Vendor Payments
  - Concentrating funds from accounts at other FIs
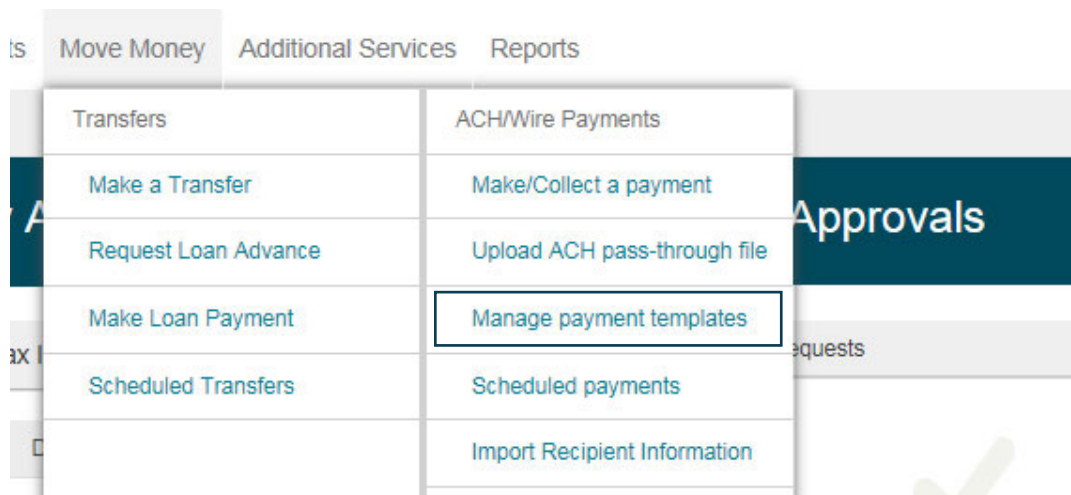

Three places to add a Template:

1. Move Money > Manage Payment Templates

2. Move Money > Make/Collect a Payment ("Add a new template" in Template list or "Save as template" *after* ad hoc payment is sent)

3. Move Money > Import Recipient Information

Manage Payment Templates screen

Actions on this screen:

• Add a template

• Search for a template

• Edit or delete a template (except those in an Approval Pending status)

Template statuses:

• Needs Attention – the template was declined by an approver, or is missing some information (e.g. the account was closed or ACH ID deleted)

• Approval Pending – the template is new or was edited, which requires approval

• Approved – only these templates can be used to initiate ACH payments

Steps to Add a Template:

1. Enter a **Template Name**, which must be unique from other templates.

2. Choose **Funding Account.**
   • User permissions determine the accounts that display.

3. Select **Template Type.**
   • Tax payments require details in the addenda record.
   • Child support is for employers to submit withholding for child support
   • Domestic wire – covered in separate walkthrough

4. For Template Types of Consumer (PPD) and Commercial (CCD), indicate if the template will be used to make or collect payments.
   • Other Template Types are for make payments only, so this option won't display.

Add a template

Payroll (PPD)

Tax (CCD)

4. Select **ACH Company ID**

5. Enter T**emplate Description**
   • Max 10 characters

6. Choose to settle via **Batch Offset (recommended) or Single Offset**
   • How the offsetting transaction is handled, e.g. 4 employees are paid $200 each:
     - Batch offset: one (1) $800 debit to the funding account (most common)
     - Single offset: four (4) $200 debits to the funding account
     - Not applicable for tax payments

7. Based on selected Template Type, enter participants (The verbiage here is based on the template type, see the table below for what verbiage will be used based on the template.).

◉ One settlement entry per batch offset   ◯ One settlement entry per item offset

Employee information

Complete the template by adding an employees.

Add an employee   Create prenote   ⑦

Template Type	Participant Type
Payroll (PPD)	Employee
Consumer (PPD)	Consumer
Commercial (CCD)	Recipient
Tax (CCD)	Tax authority
Tax (CCD)	Recipient

Adding participants:

- No limit on entries per template.
- Pop-up window except for Tax template
- Addenda is available except for Payroll.
- Routing number is validated.
- Prenote is optional (details in notes below).
- Amount field can be $0 and then actual amount entered during initiation.

Add an employee ✕

Employee ID

| Optional |

Account information

Bank account type

| Personal Checking ▼ |

Routing number

| Routing number |

Bank account number

| Account number | | Retype Account number |

☐ Create a prenote

More on prenotes:

- Prenotes are optional entries if a business wants to "test" that the recipient information is accurate.
- Upon checking that box, a message appears: "You will not be able to schedule payments for this employee until this prenote processes."
- A mandatory 3 day waiting period is enforced; then the business can initiate ACH payments to that recipient.

Payment information

This can be changed at the time of payment.

Amount to pay

| $0.00 |

Enter information for each participant (in this example, employees). The employees are listed in alphabetical order (according to first name) here and throughout Business Banking for easy viewing and editing. When complete, click Save Template.

When is approval required?

If there is another approver at the business (i.e. another Business Admin or a user who has ACH Template Approval permission), then the template must be approved.

If approval is required (see next page for steps to approve):
- Email is routed to all business users who can approve templates.
- Status of the template is Approval Pending.
- If the template is for a recurring transaction, each recurring payment will need to be approved

If approval is not required:
- Status of the template is Approved.
- Template can be used for initiation.

Initiate a Wire
Business Online Banking

Businesses can initiate domestic and international wire transfers via the Make/Collect a Payment screen. ACH and wires are comingled here.

Payments

Make payments is the only option pertaining to wires.

What do you want to do?
- Make payments
- Collect payments
- Upload pass through file

Wire Templates
Business Online Banking

Wire templates help reduce errors and provide efficiency. Create the template first, and then initiate transactions quickly with no need to enter (and possibly enter incorrectly) details such as account number and routing number.

Template Basics

• Under Move Money, go to "Manage Payment Templates".

• Unlimited templates allowed.

• Templates can be for a domestic wire or an international wire.

• Templates are not required if the user has the permission to make ad hoc wire payments.

• Common reasons to create a wire template:
  - Recurring vendor payments
  - Real estate closings with frequent property buyers
  - Large dollar payments to the same beneficiary
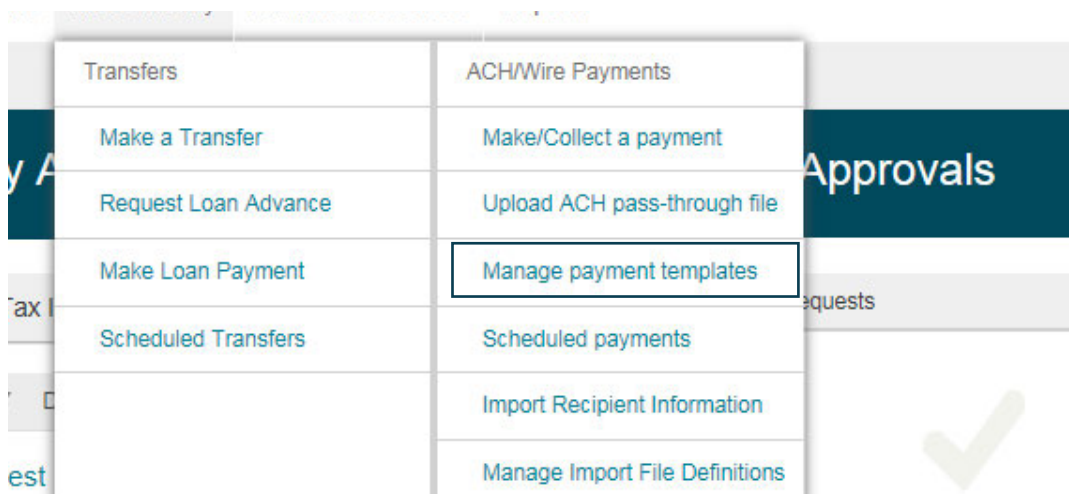

Tip:
Template can also be added on the Make/Collect a Payment page:
"Add a new template" option in Template dropdown
"Save as template" option after a one time payment is initiated

Manage Payment Templates screen

Actions on this screen:
• Add a template
• Search for a template
• Edit or delete a template (except those in an Approval Pending status)

Template statuses:
• Needs Attention – reasons include template was declined by an approver or the funding account was closed
• Approval Pending – the template is new or was edited, which requires approval
• Approved – only these templates can be used to initiate a wire
