## Important Account Information

**1. Rate Information:** The Dividend Rates and Annual Percentage Yields on your accounts are provided on the Rate Schedule. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the Dividend Rate and frequency of compounding for an annual period. The Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce the stated APY. Checking, Money Markets, and Savings: the Dividend Rate and Annual Percentage Yield are variable. Rate changes are discretionary, not tied to an index, and may change at any time without notice. Regular and IRA Certificates: the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the Account unless, as available, the Bump Rate feature is used.

**2. Nature of Dividends:** Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rate and Annual Percentage Yield are accurate as of the Effective Date which the Credit Union anticipates paying for the applicable dividend period.

**3. Compounding and Crediting:** For all applicable deposit accounts, dividends accrue daily and are compounded and credited monthly per statement cycle. **Income Checking** ATM rebates are paid on the last day of the month.

**Bonus Dividend Plan:** Earn a bonus dividend on your money market balance when enrolled in the Bonus Dividend Plan ("Plan") and meet Plan requirements. Plan requirements: Columbia Credit Union personal checking account ("Checking") with a minimum balance of \$2500 and either a direct deposit into Checking (in the current or previous statement period) or payment of a CCU loan in current statement period by automatic transfer from Checking. Checking, loan and money market accounts must be under the same tax ID number. To enroll in the Plan or to obtain additional information, visit any Columbia branch, use our secure "Contact Us" web form, online Live Chat, or call member service. Must enroll in the Plan and meet eligibility requirements by close of business on the last business day of the month to receive bonus dividend for that statement period. If the money market account is closed before a Plan dividend is credited, no portion of the accrued dividend will be received. Like regular money market account rates and yields, the Plan rates and yields are variable and may change without notice.

**4. Balance Information:** The minimum balances required to open and earn dividends on accounts are on the Rate Schedule. Dividends are calculated by the daily balance method. Dividends are calculated daily based on the ending balance. On the last calendar day of the month, accrued dividends are totaled and then credited to the account.

**5. Accrual of Dividends:** Dividends begin to accrue on cash and non-cash (checks and electronic) deposits on the business day you make the deposit to your account. If you close your account prior to the dividend period, accrued dividends will be paid upon request other than accrued, uncredited dividends under the Bonus Dividend Plan.

**6. Transaction Limitations:** You may withdraw accrued, uncredited dividends at any time other than as specified above in Accrual of Dividends. **Income Checking:** Purchase qualifier does not include ATM transactions. For credit card purchases to apply, the member with the Tax Reported Owner role must be the same on the Income Checking account and the Columbia CU Visa credit card. Structuring transactions for the sole purpose of earning higher dividends may result in account closure.

**7. Maturity:** Your account will mature within the term set on the Rate Schedule provided at account opening or maturity date on your Certificate Receipt or Maturity Notice.

**8. Early Withdrawal Penalty:** For Regular and IRA Certificates, We may impose a penalty if you withdraw any of the principal before the maturity date.

a. Amount of Penalty: The amount of the early withdrawal penalty is based on the term of your account. The penalty schedule is as follows: 365 days or less - 90 days dividends; more than 365 days - 180 days dividends.

b. How the Penalty Works: The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if dividends have already been paid, the penalty will be deducted from the principal.

c. Exceptions to Early Withdrawal Penalties: At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following situations:

i. When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

ii. When the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment; or where the account is an IRA and the owner attains age 59 1/2 or becomes disabled.

**9. Renewal Policy:** Regular and IRA Certificates are automatically renewable accounts. Upon maturity, accounts automatically renew for the same term unless otherwise noted. There is a grace period of ten (10) days after maturity in which to withdraw funds without incurring an early withdrawal penalty.

**10. Nontransferable/Nonnegotiable:** Your account is nontransferable and nonnegotiable. The funds in your accounts (except IRA Certificates) may not be pledged to secure any obligation of an account owner, except obligations with Columbia Credit Union.

**11. Fees for Overdrawing Accounts:** Fees may be imposed on each check, draft, item, ATM withdrawal, debit card point of sale purchase, preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Funds Availability Policy for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an Discretionary Courtesy Pay limit for your account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information.

**Except as specifically described, the Important Account Information apply to all accounts. If you have questions or require current rate information on your accounts, please contact the Credit Union.**
