# Honoring the legacy of John McKibbin

John McKibbin was a special presence in Clark County throughout his life, raising funds for causes important to him and making life better for the community at every turn. This tournament honors his legacy by continuing that same spirit of enthusiastic charity, supporting three local nonprofit organizations he loved throughout his years of community service: Legacy Salmon Creek Medical Center's Child Abuse Assessment Team (CAAT) Endowment Fund, Pearson Field Education Center (PFEC), and Leadership Clark County (LCC).

## **Organizations Benefiting from the Tournament:**

### **LEGACY SALMON CREEK MEDICAL CENTER**

Caring for children is a community responsibility. The Child Abuse Assessment Team (CAAT) at Legacy Salmon Creek cooperates with local child protection agencies and law enforcement agencies as well as withYWCA advocates to deliver compassionate, discrete, and knowledgeable child abuse and neglect services.

### **PEARSON FIELD EDUCATION CENTER**

Through aviation, the Pearson Field Education Center inspires youth to pursue education and careers in STEM (science, technology, engineering, and mathematics) fields, while instilling an appreciation for the people, events, and innovations of historic Pearson Field.

### **LEADERSHIP CLARK COUNTY**

Founded in 1993 by a group of community leaders, Leadership Clark County is a nonprofit, nonpartisan civic leadership program dedicated to educating people about the challenges facing our community and developing community leaders to meet those challenges.
